

Tampondruckfarbe Serie TCI 8700

Schnelltrocknende, glänzende Zwei-Komponenten-Farbe für die Verarbeitung im Tampondruck mit und ohne Tunnel Trocknung. Kann auch einkomponentig verdruckt werden. TCI 8700 ist teilweise widerstandsfähig gegen Alkohol, Ester, kosmetische Produkte (z.B. Shampoo, Haarfestiger), Waschmittel, Seife, Mineral-öl, Benzin, schwache Säuren und Laugen. Nicht resistent gegen scharfe Aromate, Ketone, Chlorwasser-stoffe, starke Laugen und Säuren.

Pad Printing Ink type TCI 8700

Fast-drying and glossy two-component ink for pad printing with or without channel drying. Can also be printed with only one comp. TCI 8700 is applicable on aluminium, polyacrylics, PVC, polyester, pre-treated polyethylene and polypropylene, various other synthetic materials with, if necessary the use of an adhesion agent. Good chemical and weather resistance.
